

Dear valued clients,

We hope that this newsletter finds you and your families safe and well after the tragic earthquake in Christchurch.

Our thoughts and prayers are with you and yours at this sad time. Kia Kaha (Stand Strong).

Eco evening

As we mentioned in our December newsletter we are having an eco evening here at the studio on the 16th of March at 7.00pm. **BOOK NOW** on **688 9673** so that you don't miss out! Just to recap we will have a guest speaker, Mr Colin Ackroyd from Hemptech fabrics and a variety of other representatives for different companies - as well as goodie bags and some other special surprises.

Strathallan Life Care

We are so thrilled with the finished colour schemes for the new Strathallan Life Care retirement village. We have completed the 1st stage of the new units and the open days have been very successful with lots of complimentary comments from the people that have been through these units. We supplied all the furniture, curtains, colour schemes and flower arrangements.

Stonewood Homes

We are pleased to have been asked by Stonewood Homes to be their Interior Designers for the Timaru area. We are co-ordinating the colour schemes for their beautiful new homes including a new range of plans called Eco Sure that have been designed specifically for New Zealand rural living and large suburban sections. These homes are extremely energy efficient, capturing all day sun to guarantee maximum solar gains. Clever design ensures very little space is taken up with hallways and other dead areas so you get more home for your money.

The home you deserve

Thought for the day:

To be smart with money and gentle on the earth are not special hats but integral parts of everyday design
