

Well here we are again; I know I keep saying this but how fast has this year gone!! With the year coming to a close and so many things still to do, we thought it was time we took a breather to share with you what has been happening and of course what we have to look forward to in the New Year! We sincerely hope you have a wonderful Christmas, and enjoy a safe and happy holiday.

### Firstly a little bit of housekeeping, just a little we promise.....

Closing dates.... To refresh our creative brains and come back brimming with ideas we will be finishing up on the 20th of Dec and we reopen on Monday 9th of January. I will have the phone diverted so please feel free to ring us if you need to in that time.

### Email Details....

We are currently in the process of updating all our client files and we would really like a little help from you. We would appreciate it if when you're at the computer in the coming weeks to send us an email, obviously this is a good start as we may not have you on our email list. If you could also note any change of address or phone numbers, so that if need be we can actually get hold of you all. By having your updated email address it will enable us to send out our newsletters via your inbox and at the same time we are doing our bit to save a few trees somewhere around the world. Our email address is

info@deborahstilldesign.co.nz!

### Busy, Busy, Busy ...

2011 has been a busy year for us, we have had work as far south as Te Anau and we have had a few jobs

"The beautiful drive back from Te Anau"

already coming out of Christchurch. It's really great to see people who are motivated to maintain some sort of normality even amongst the chaos going on in the centre of the city. Hopefully in the near future we will be able to help even more Cantabrians as they work towards their future city.

In September Eve decided to further her qualifications in Kitchen and Bathroom design. She completed a course in Auckland which enables her to work towards her National Kitchen and Bathroom Qualification. This will give Eve an Internationally recognised Qualification and a nationally recognised standard among the industry experts. So not only is she adding a leaf in her books, it's going to be a great opportunity for the business to offer this specialist service.

### Montacute Collection

To wet the creative taste buds we thought we'd share with you some images from the new Montacute Collection from Nina Campbell. The fabrics are just divine; we have some of the fabrics in display drops at the studio so feel free to pop in and have a look and feel!.

### Thought for the day:

"No kind action ever stops with itself. One kind action leads to another. . . . a single act of kindness throws out roots in all directions, and the roots spring up and make new trees."

*Amelia Earhart*
