

Happy winter to everyone!

Well I'm not too sure if you can call it winter just yet, I think the weather has been far too kind to us so far, not that I'm complaining winter can be as mild as it wants, bring on Spring!!

### Strathallan And Little Wonders

We thought we'd share with you the latest commercial projects that we have recently completed.

The first is **Strathallan Life Care**, this has been an ongoing project and mentioned in our previous Newsletters. The second stage that we were working on is finally completed; people are even starting to move in. Photographed below are the new hair salon,

entertainment lounge and formal lounge.

The second, **Little Wonders** is a new early childhood centre that has opened on Otipua Rd. I tell you what if I was a child again I'd be in my element, you couldn't ask for a better place to learn and grow!!

*"Deborah and Eve were an invaluable part of our team during the set-up of our latest Childcare Centre in Timaru. Their helpful, energetic and stress free style made them a pleasure*

*to deal with. We were delighted with the end result and have received fantastic feedback from the public. I would have no hesitation in recommending Deborah Still Design for your next commercial project"*

**Ben Hurst, Little Wonders Childcare**

### New Osborne and Little – ZagaZoo Collection by Quentin Blake

Surely you must all remember Quentin Blake from your childhood? I have fond memories of Roald Dahl's *Georges Marvelous Medicine* book! The celebrated author and artist has designed this collection of children's fabrics and wallpapers exclusively for Osborne & Little. All the patterns are based on Quentin's original book illustrations. Exuberant patterns for fun rooms are printed on practical, washable cottons and wallpapers. Quentin is one of Britain's best-loved and most successful illustrators and children's authors and 'has drawn ever since he can remember'.

**Winter promotion:** we are offering a very special promotion for July - August!! When you get your new or existing curtains lined or re-lined with bumf we are going to give you the Sateen lining **FREE!!!** Yes that's right **FREE** lining! What is bumf you say... Cotton bumf is an open weave cotton fabric. Thicker than a coated lining, bumf is often used as an interlining between the face fabric and coated lining to enhance the insulation properties of a curtain both with regard to sound and temperature.

**Nationwide presence...** We have recently added our services to another website – NZ Interior Designer. They are a great source of Interior Designers nationwide so we thought we deserved to be on it too! Check out our page on the following link:

### Thought for the day:

What lies behind us and what lies before us are tiny matters, compared to what lies within us.

*Ralph Waldo Emerson*
