

Dear Valued clients

I have been very remiss in not writing to you sooner, it's been a really busy year and without my right hand (Margaret) there seems to be not enough hours in the day.

## Wanaka Lodge

One of the projects I am very proud of is a luxury lodge in Wanaka. My inspiration was the spectacular Wanaka landscape with the rich warm colours. I supplied and selected the furniture, bed heads, bedspreads and light shades. Below are some of the photos of this lodge

## Redecorated studio

I have just redecorated the reception room at the studio a range of fabrics and wallpapers that Sanderson rereleased as part of their 150th anniversary celebrations. Sanderson's "Vintage" range is from their archives from the 19th century up to the 1970's. In the "Vintage" Range they have beautiful floral silks that could have been designed yesterday through to very serene swallows. I think this range will be very useful for new homes and well as those old villas that are being refurbished.

## Wallpaper murals

I have also redecorated my office with a large floral mural. I love these large scale wallpaper murals they give rooms a different perspective. They add colour and interest to many types of rooms. I have used them in cafe's, gym's and clothing shops. Murals can also be used in Children's bedrooms, offices, bedrooms and dining rooms. Come in and have a browse through the design book.

## Thought for the day:

Creativity is seeing what everyone else has seen and thinking what no one else has thought.

Albert Szent- Georgi
